

SEAFDEC Implementation and supporting MCS for combat IUU fishing in Southeast Asia

Present by : Mr. Kongpathai Saraphaivanich

SEAFDEC Training Department

Regional Training Course on Strengthening Capacity of Implementation for Monitoring Control and Surveillance (MCS) in Southeast Asia
16–19 September 2024, SEAFDEC/TD, Thailand

Outline

- **The Resolution and Plan of Action on Sustainable Fisheries for Food Security for the ASEAN Region Towards 2030 (RES&POA-2030)**
- **Key Aspects of Programs and Activities by SEAFDEC on Implementation and Supporting MCS for Combat IUU Fishing in Southeast Asia**
- **Priority Areas for Future Action to Combat IUU Fishing in Southeast Asia**
- **Project Implementation Relevant to Combat IUU Fishing in Southeast Asia by SEAFDEC**

The Resolution and Plan of Action on Sustainable Fisheries for Food Security for the ASEAN Region Towards 2030

SEAFDEC policy framework and priority actions to combat IUU Fishing

RES 8.

Strengthen cooperation among AMSs and with international and regional organizations in combating IUU fishing and management of fishing capacity to balance available resources

POA 28.

Strengthen the implementation of measures and activities to combat IUU fishing by ensuring compliance with national laws and regulations, and with the provisions of relevant international instruments; encourage the development and implementation of national plans of action to combat IUU fishing; promote inter-agency coordination for effective implementation of laws and regulations; and enhance awareness and understanding of applicable international and regional instruments and agreements through information dissemination campaigns

Key Aspects

of Programs and Activities by
SEAFDEC on Implementation and
Supporting MCS for
for Combating IUU Fishing
in Southeast Asia

1.

Strengthening Coordination and Cooperation among AMSs and Other Agencies

Establishment of technical collaborative platforms for information sharing among AMSs

Regional Fishing Vessels Record (RFVR)

Regional Fishing Vessels Record (RFVR)

The Regional Fishing Vessels Record (RFVR) Database is an online system collaboratively established by the ASEAN Member States (AMSs) under the ASEAN-SEAFDEC Strategic Partnership (ASSP) mechanism.

The RFVR Database is a basic information required effective tools to support the fishing vessel inspection to reduce the Illegal, Unreported and Unregulated (IUU) fishing vessels. It is expected that RFVR will work as a practical tool for related authorities of the ASEAN Member States (AMSs) in checking and taking corrective actions against inappropriate behavior of its fishing vessels, thereby supporting the elimination of IUU fishing in the Southeast Asian Region.

For example, AMSs can take appropriate actions against "Stateless Vessels, IUU fishing vessels, poaching" by sharing information and identifying problematic vessels through the RFVR database. Moreover, the information in RFVR Database is planned to update time to time by AMSs that means AMSs emphasize to share information on fishing vessels for combat and eliminate IUU fishing in the region.

- SEAFO - South East Atlantic Fisheries Organisation
- SIOFA - Southern Indian Ocean Fisheries Agreement
- SPRFMO - South Pacific Regional Fisheries Management Organisation
- WCPFC - Western and Central Pacific Fisheries Commission

Status of the Development of RFVR Database

- Basic information required for supporting the fishing vessel inspection to reduce IUU fishing vessels
- Enhancing transparency and traceability in supporting inspection in relation to PSM activities.
- Information in the RFVR database is available for the vessel 24 meters in length and over
- There were 28 Key Data Elements (KDEs)
- The AMSs can update information in RFVR Database by themselves since 1st November 2021

1.

Strengthening Coordination and Cooperation among AMSs and Other Agencies (cont.)

Providing regional instruments for developing a common approach to combating IUU fishing in the region such as

ASEAN Guidelines for Preventing the Entry of IUU Fish and Fishery Product into the Supply Chain

Regional Guidelines in Traceability System for Aquaculture Products in the ASEAN Region

ASEAN Catch Documentation Scheme for Marine Capture Fisheries

1.

Strengthening Coordination and Cooperation among AMSs and Other Agencies (cont.)

- ▶ Coordination and cooperation with national/regional/international agencies such as FAO, USAID, IMCS, NOAA, AFMA, *etc.*

USAID
FROM THE AMERICAN PEOPLE

Australian Government

Australian Fisheries Management Authority

2.

Increase Capacity and Awareness on MCS to Combat IUU Fishing

A series of capacity-building programs for AMSs to enhance their ability on MCS to combat IUU fishing

The Regional Training on Port State Measures Implementation in Southeast Asia

2016

Workshop on Regional Cooperation for Implementation of Port State Measures to Improve Fisheries Management and Reduce IUU Fishing in Southeast Asia

2018

2019

The Regional Training on Port State Measures Implementation for Inspectors in Southeast Asia

Online Regional Training Course on Implementation of Port State Measures for Inspection

2021

2. Increase Capacity and Awareness on MCS to Combat IUU Fishing

(cont.)

▶ A series of capacity-building programs for AMSs to enhance their ability on MCS to combat IUU fishing

Regional Training Course on Port State Measures (PSM) Inspection in Focus of Shipping Container for Fish and Fisheries Product

2022

The Regional Workshop on Monitoring Control and Surveillance for Combating IUU Fishing in Southeast Asia

2022

2023

Regional Training Course on the United Nations Convention on the Law of the Sea 1982 (UNCLOS 1982) in Fisheries Perspective

The Workshop on the Project End of Strengthening Regional Cooperation and Enhancing National Capacities to Eliminate IUU Fishing in Southeast Asia

2024

2. (cont.)

Increase Capacity and Awareness on MCS to Combat IUU Fishing

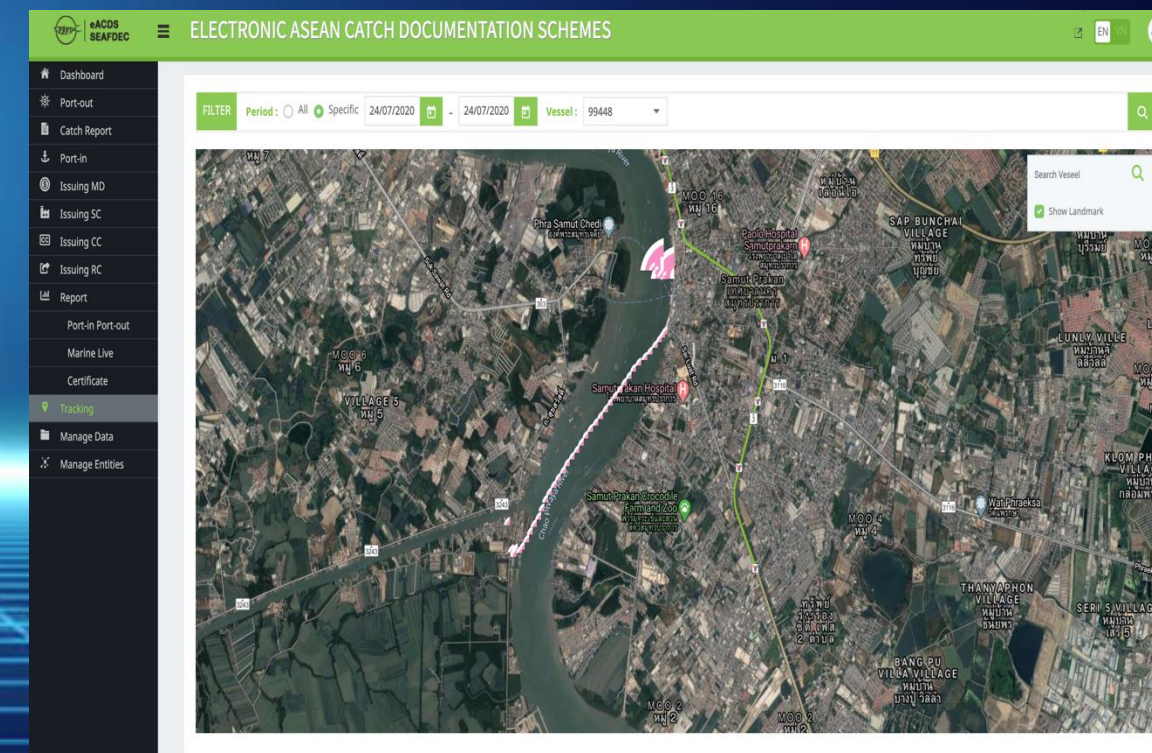

Promotion of the implementation of sustainable fisheries resources by assisting the countries in defining the harvest reference points

- Training courses on stock assessment, and other related works undertaken through Scientific Working Group on neritic tunas.
- Training Course with appropriate model *e.g.* R-program, Data collection for stock assessment, fish population dynamic for poor data model *etc.*

3. Support Implementation of Effective MCS Measures

- ▶ Development and promotion of electronic ASEAN Catch Documentation Scheme (eACDS) application as prototype for traceability of fish and fishery products

eACDS Applications

eACDS on Web-based Application

Vessel Owner/Fishing Master

Request Port-out and Port-in

Processor

- Request Statement of Catch
- Request Catch Certificate Document

Officer

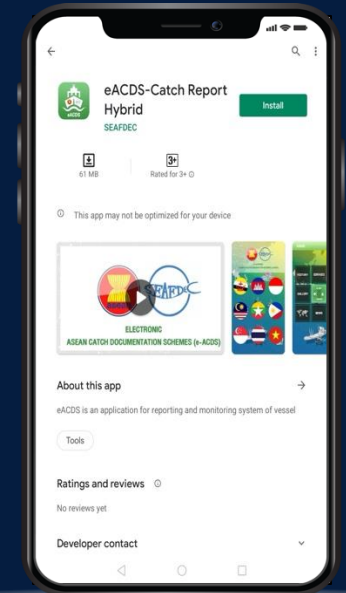

- Approve Port-out / Port-in and Verify Weight
- Issuance Catch Declaration (CD)
- Issuance Movement Document (MD)
- Issuance Statement of Catch (SC)
- Issuance Catch Certificate Document (CC)
- View Reports and Manage KDEs

eACDS on Mobile Application

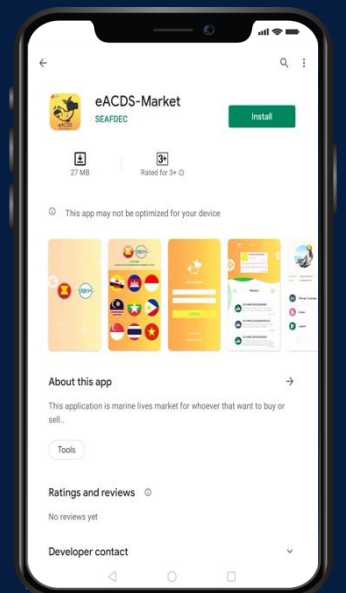

eACDS-Catch Report App.

Fishing Master/
Vessel Owner

eACDS-Market App.

Seller and Buyer

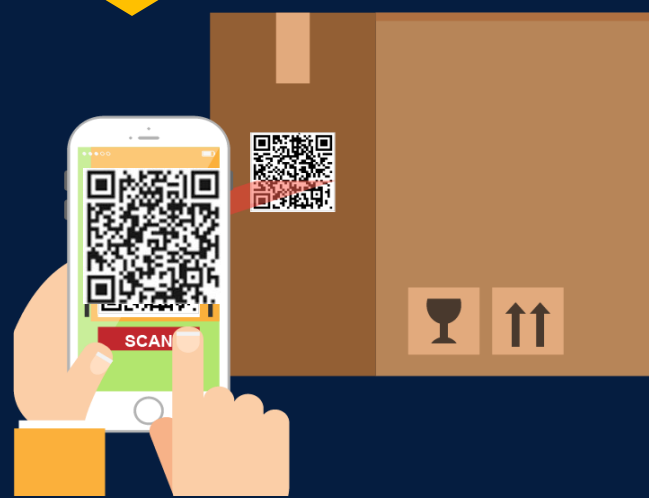

eACDS System Flow Chart

PART CD
PART MD
PART SC
PART CC

TRACE FISHERY PRODUCT FROM QR-CODE

Starting Implementation of eACDS

2017

Brunei Darussalam

1 Fishing Port, 50 vessels

Muara Port

2018

Yangon, Myanmar

3 Fishing Ports, 100 vessels

- Aung Phyo Myat Jetty
- Ei Phyo Yadana Jetty
- Ngwe Pinle Jetty

2018

Binh Thuan, Viet Nam

4 Fishing Ports, 50 vessels

- Phan Thiet Fishing Port
- Lagi Fishing Port
- Phu Hai Fishing Port
- Phan Ri Cua Fishing Port

2019

Malaysia

2 Fishing Ports, 30 vessels

- Kelantan
- Kuantan

2022

Koh Kong, Cambodia

1 Fishing Port, 8 vessels

Oknha Lyon Phat Port

ACHIEVEMENT OF IMPLEMENTATION ON eACDS

- Training and demonstration on the practical eACDS application for trainers to the effective implementation of eACDS and transfer their knowledge and understanding to relevant stakeholders.
- Participating countries trial on the use of eACDS application and successfully installed the application on its server.
- Viet Nam developed its electronic catch documentation and traceability (eCDT) based on the eACDS demonstration.

Number of Participants in MCS Activities 2020 - 2024

Total = 827 participants
from
29 Activities

Remark: Include SEAFDEC

Priority Areas for Future Action to Combat IUU Fishing in Southeast Asia

The Regional Workshop on the Project End of Strengthening Regional Cooperation and Enhancing National Capacities to Eliminate IUU Fishing in Southeast Asia

20-21 March 2024

Project Implementation Relevant to Combat IUU Fishing in Southeast Asia by SEAFDEC

2020 - 2024

Strengthening Regional Cooperation and Enhancing National Capacities to Eliminate IUU Fishing in Southeast Asia

2024 - 2027

ASEAN-JICA Capacity Building Project on IUU Fishing Countermeasures in Southeast Asia

2024 - 2028

Sustainable Management of Fisheries, Marine Living Resources and their Habitats in the Bay of Bengal Region for the Benefit of Coastal States and Communities

2025 - 2029

Enhancement of Regional Cooperation and Human Resource Development to eliminate IUU Fishing

THANK YOU

Mr. Kongpathai Saraphaivanich

Training and Information Section Head, and
Project Leader of Strengthening Regional Cooperation and
Enhancing National Capacities to Eliminate IUU Fishing in Southeast Asia
